

Friends of the Chester Public Library

What We Do

We are a 501c3 that promotes awareness to the community of the Chester Public Library's services, contributions, and needs. We act as a liaison between the community and the library board and staff in order to create public support for an expanding library program.

We also fundraise to provide resources, sponsor special projects, and activities that are not covered in the library's budget. We sponsor programs designed to contribute to the cultural life of the community.

Altogether, we lend support to the library as needed.
